My Resume JAYANTH_OFFICIAL_RESUME.pdf Last updated less than an hour ago

Summary Results-driven Data Scientist with hands-on experience in Generative AI, Agentic AI workflows, and classical Machine Learning. Seeking to build and deploy intelligent, grounded AI solutions—RAG pipelines, LLM-powered agents, and ML classification models—that deliver measurable business outcomes. Adept in LangChain, LangGraph, Azure OpenAI, and MLflow with a strong focus on responsible AI, prompt engineering, structured outputs, and evaluation frameworks.
